Our Journey

*AUM Includes Operating Enterprise Value + Cash & Cash Equivalent

Key Differentiators

Thoughtfully Built Portfolio

Well diversified mix of Annuity, HAM and Toll projects

Rich operating history (InvIT and Sponsor) of 8+ Years, which ensures operating parameters are well settled and unlikely to change

An impeccable track record of annuity collections (513 Since COD till date) within the stipulated timelines, establishing revenue predictability and assurance

Average residual life of 9.38 years ensuring long term stability

Geographical diversified (9 states) yet clustered projects ensuring optimization in manpower and resource procurement

Operational Excellence

Fixed Price O&M Contracts with reputed contractors for the entire life of the concession mitigating risks of future cost escalations, inflation and contingencies.

Back-to-back indemnities for deductions due to O&M deficiencies, ensuring full skin in the game for the contractors

Use of advanced technology tools to gain critical insights and drive preventive maintenance

Negligible deductions / withholding in annuities demonstrating strong compliance with maintenance obligations

Diversified Revenue Mix

Over 90% of revenue through fixed annuity payments ensuring protection from cyclical fluctuations arising from economic situations

At the same time, linkage of significant revenue to external benchmarks (interest rates and inflation) to ensure alignment with key market movements

Competitive Funding

Secured long term loans at a very competitive external benchmark linked rates from a consortium of PSU banks

Maturity of borrowings fully aligned with the balance concession periods and annuity cash flows providing strong DSCR

Fully equipped to execute derivative facilities to hedge against any adverse interest rate fluctuations

AAA rating, Leverage cushion and strong financial parameters provide ample opportunity to diversify the funding sources
